

This Briefing Note is aimed to make LAPI's Customers aware about important informations for the meaning of the accreditation and the mandatory rules for the use of ACCREDIA Mark by the Customers of Laboratory LAPI, in accordance with the requirements of Regulation RG-09 rev.5 by ACCREDIA.

1. The Mark or any reference to the accreditation shall not be applied on test specimens or products, in order to avoid the risk to imply the certification of a product.
2. LAPI will monitor the correct use of the Mark and the reference to accreditation by its Customers: in particular, Mark and reference to accreditation shall not be used in the documentation of a product or be applied to the product itself, in order to avoid the risk to imply the certification of a product by ACCREDIA. The attachment of Test Report issued by LAPI is allowed.
3. The use of the Mark ACCREDIA by the Customers of LAPI is allowed only in conjunction with LAPI Mark according to Figure 4 par.12 of RG-09 as shown here:

The use of the sole Laboratory LAPI Mark is allowed with the addition of the phrase "**Body accredited by ACCREDIA**".
